What is Home Ec?

Home Ec is an online sewing course taught by Leigh-Ann McLaughlin, Rachel Denbow and Courtney Tucker. Home Ec intends to help increase your confidence behind the machine with usable techniques, projects you'll love and progressive development :) Your teachers love sewing and have found it to be an extremely useful, fun and rewarding part of their lives! You can discover the same satisfaction for yourself in Home Ec and beyond!

Each Home Ec project features a new skill that will help you to learn with practice and application. As you move through the course from beginning to end, your skills and confidence will grow and you will feel comfortable with the progression in project difficulty. Tutorials are created with plenty of demonstrative photos and step by step written instructions. Home Ec's tutorials are pretty, creative and easy to understand and follow, even for the newest beginners!
